Recipient of Rhoda Karpatkin International Award for 2013

Dear George,

Congratulations on receiving the ACCI International Award. I'm honored that the award is named for me. I'm also very pleased that it's been bestowed on an outstanding consumer leader like you. CUTS is a fine organization, and very significant in global consumer work. I appreciate all the good work you and your organization have done over the years, and look forward to many more accomplishments under your leadership.

Best regards,

Rhoda
